Learning Management System (LMS)

Counselling Process

Mode of Counselling :- Virtual

Brief describe the provision in LMS to be used by HEI :-

The Learning Management System (LMS) provides integrated support for the counselling process through features such as live interactive sessions, discussion forums, and messaging tools to facilitate timely academic guidance. Learners can schedule counselling sessions, raise queries, and receive feedback from faculty in a structured and accessible manner. The LMS also maintains records of counselling interactions to ensure continuous learner support and effective academic mentoring.

Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :- --

Assessment mechanism	The LMS supports continuous and summative assessments through quizzes, assignments and case studies. Automated grading tools and rubrics ensure transparency and consistency in evaluation. Instant feedback and performance reports help learners track their progress effectively.
Identified technological interface and interoperability	The LMS is built on standard protocols to ensure seamless integration with other academic and administrative systems. It supports interoperability with content platforms, virtual classrooms, and internal evaluation systems. This enables smooth data exchange and a unified learning experience.
Learner's Authentication Requirements	The LMS ensures secure learner authentication through unique login credentials. This ensures that only

	LMS. The system captures essential details, verifies credentials, and generates unique learner IDs. This ensures a seamless and efficient enrollment process.
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	The LMS promotes active engagement through discussion forums, live sessions, quizzes, and interactive content. These monitor learner participation, time spent, and overall course progress. Reports and dashboards help faculty monitor engagement levels and take timely interventions.
Payment Gateway –using Digital Payment system	The LMS integrates secure digital payment gateways to facilitate online fee payment. It supports multiple payment options such as net banking, UPI AND debit/credit cards. Automated receipts and transaction tracking ensure transparency and convenience
Tracking the delivery of a Course or programme	The LMS enables systematic tracking of course delivery through content access logs and completion status. Faculty can monitor learner progress in real time. This ensures that the programme is delivered as per the academic planner.
Technical Know-how or Skills Requirements	The LMS is designed to be user-friendly, requiring basic digital literacy such as navigating web platforms and accessing online resources. Orientation sessions and user guides are provided to support learners and faculty. Continuous technical support ensures smooth adoption and usage.
